FULL-TIME STUDENT PAYMENT PLAN

Students may choose to budget their full-year balance in ten monthly payments with the University's Tuition Payment Plan. Tuition Payment Plan is a monthly payment program administered by Higher One. The plan allows you to break down your expenses into five monthly installments for Fall semester and five monthly installments for Spring semester.

The first five payments (May through September) will be applied to your Fall Semester balance, and then you may re-enroll and have the second five payments (October through February) applied to your Spring Semester balance. International students may use this interest-free installment option as well.

Please note that all tuition payments must be made in U.S. dollars from a U.S. bank.

To enroll, you should first obtain your school-assigned identification number. All participants must complete an enrollment form and pay a nonrefundable enrollment fee.

Visit BU Student Accounting Services’ website bu.edu/studentaccountingservices/your-bill/payment-plans to learn more about Higher One Tuition Payment Plan. This site provides regularly updated information about deadlines, fees and also links to the Higher One website offering more details such as “Frequently Asked Questions” and how to enroll.

PAYMENT OPTIONS

After being registered for classes students can view their charges via the student link bu.edu/studentlink and explore payment methods at bu.edu/studentaccountingservices/your-bill
