I hope your summer is going well. If you came to Orientation Session 1-4, it was a pleasure to meet you! If not, I look forward to meeting you during Session 6! As we approach the start of the fall semester, I want to take a moment to pass along a few reminders and provide you with some new information. Classes begin on September 3rd, and we’re marking the beginning of the school year with a ton of Questrom activities.

**QUESTROM WELCOME DAY: MONDAY, SEPTEMBER 2, 2019**

**10:30AM - 1:00PM** INTERNATIONAL STUDENT ORIENTATION
**QUESTROM AUDITORIUM (ROOM 105)**
Approximately a quarter of the incoming Questrom class are international students! We want to help those of you who are joining us from outside the United States to understand how the business school environment differs from most school cultures abroad and how you may acclimate to the US education style. This morning session will serve as an introduction to what you can expect at Questrom both inside and outside of the classroom. It will be followed by lunch, after which the rest of the Class of 2023 will join you for an afternoon session. Both the sessions and lunch are mandatory for new Questrom international students.

**1:00PM - 3:30PM** FRESHMEN WELCOME ORIENTATION
**QUESTROM AUDITORIUM (ROOM 105)**
The Questrom School of Business is excited to have the Class of 2023 join our community! During this session, we will welcome new students and introduce you to the people to know in Questrom, the faculty, staff, peer advisors, and — of course — each other! An afternoon of introductions, activities, and T-shirts awaits you! This is mandatory for all new Questrom students.

**3:30PM - 5:30PM** NEW STUDENT BARBECUE
**BU BEACH**
To finish up Welcome Day, Questrom will host a barbecue at BU Beach (behind CAS & Marsh Plaza) featuring food, games, music, and raffles! The rain location is Chiles Atrium in the Questrom School of Business. The UDC staff, SM131 teaching team and teaching assistants, your summer SAs, peer advisors, and other student leaders are looking forward to seeing you at this event!

**Class Registration:** If you have already officially registered at Orientation, or if you’re coming to Session 6 and have done a formal check-out with me, make sure you do not change your schedule without letting me know. While you can make changes, we recommend that you stick with the schedule you created at Orientation. If you have not yet attended Orientation and still need your schedule checked off, please contact me as soon as possible at robynj@bu.edu to complete your registration. We want to make sure that you will be taking subjects applicable to your degree this fall. You can, however, add up to 2 credits of PDP (physical education), CFA (College of Fine Arts), or CAS FY101 (First Year Seminar) courses without first contacting an advisor. Please make sure you are not registered for more than 18 credits!

**Advanced Placement:** Scores are starting to come in! If you already sent your scores to BU, you should be able to view them on the “External Credits & Test Scores” link in the “Academics” tab on your StudentLink. The Registrar’s Office will be processing these credits in the next few weeks, but your scores should still be visible and you can view course equivalencies here. If it appears things are missing, feel free to contact me with any questions you may have.

**Transfer Credit Approval:** If you have taken college coursework that did not count toward your high school requirements, please have the official college transcripts sent to BU. Upon receiving your transcript, the Registrar’s office will follow up with information for getting your coursework transferred.

**Buying or Renting Books:** Once you are registered for courses, you can start to think about buying or renting your books. The BU Bookstore allows you to pre-order books, so you can avoid long lines once you arrive. If you check early, you may be able to find books that are used, digitized, or for rent that are less expensive than new ones. The BU Bookstore is in Barnes and Noble in
West Campus, just a ten-minute walk from Questrom. Visit their website!

Be advised, you’ll need to pick up your SM131 course packet separately at the Susilo Business Center (located on the first floor of our building) when you arrive on campus.

**BU Email Address:** Now that you are officially a Boston University Questrom student, you need to begin to use and check your BU email address. Your professors and the advising staff at Questrom will only see your BU email address when they look you up to send you information. It is important that you are checking this email address regularly so that you do not miss crucial information. If you still prefer to maintain your alternative email address, please set up your BU email to forward to that address.

**Professor Fatema Fazendiero** is the Faculty Director for SM131: Business, Ethics & the Creation of Value. She earned a BA in Government & Politics, Cum Laude from the University of Maryland and a Juris Doctor from American University’s Washington College of Law. In addition to SM131, Professor Fazendiero teaches Introduction to Business Law to undergraduate and graduate students. Prior to assuming a full-time position at BU, Professor Fazendiero practiced law for over 15 years, spending most of her career in the public sector. For over a decade, Professor Fazendiero worked for the City of Boston’s Public Health Commission, where she defended the agency against employment discrimination complaints, labor disputes, and torts claims in state and federal courts and administrative agencies. She spent the last two years of her tenure as the General Counsel for the Health Commission where she provided day-to-day advice and counsel to senior management and members of the Board and shaped public policy by drafting and passing important public health regulations. Prior to working at the Public Health Commission, Professor Fazendeiro was in private practice at a large, well-known Boston law firm where she primarily assisted corporate clients with compliance and corporate governance matters.

Joining Professor Fazendeiro on the teaching faculty are Rebecca Nichols (SM131 course coordinator), Nelia Newell, Mattew Reis, David Stolow, Stephanie Watts, and your Teaching Assistants (TAs). To learn more about your instructors, check them out in the faculty directory. Stay tuned for more information — your TAs will be contacting you via email shortly if you haven’t heard from them already.

I’m excited to see you on September 2nd. You’ll have a chance to see all your new Questrom friends again on **Wednesday, September 4th during the first SM131 lecture, held promptly at 9:25am in the Questrom Auditorium (Room 105).**

As always, if you have any questions about anything, check out our websites at questromworld.bu.edu/udc or questromworld.bu.edu/orientation. You can also contact me for more information by email at robynj@bu.edu or by phone at 617-353-2650. Enjoy the rest of your summer and I look forward to seeing you on campus soon!

Your Freshman Advisor,

Robyn Johnson
