Reserve Bank of India

Students will indicate their area of research interest on their application. Options include the following:

- Financial Inclusion – Developments in the Last Decade
- Micro Finance in India – Issues and Ways Forward
- Financial Literacy in India
- Currency Management in India
- Poverty Alleviation through Banks
- Payment and Settlement System in India
- Business Model of Urban Cooperative Banks in India
- Working and Functions of the Reserve Bank of India
- Micro and Small Enterprises in India – Issues and Ways Forward
- Cooperative Banking

After being selected for the program, they will be paired accordingly. Once in Pune, RBI will do an orientation week, where students are taken through the functions of RBI, enabling students to firm up their project’s scope with their supervisor.

**Week Commencing June 29:** Orientation  
**Week commencing July 6:** Work on project finalization  
**Week commencing July 13 and onwards:** Project work plus company and site visits including trip to RBI headquarters in Mumbai.  
**Week commencing August 3:** Presentations

In preparation for the interview and the internships, students should read the following:

1. The 2 Brochures on RBI and its functions  
2. The about section on the website – and relevant news including recent changes
