

BU HUB REQUIREMENTS FOR TRANSFER STUDENTS

(FALL 2020+)

In the Hub, you will explore a broad array of disciplines and ways of thinking as you prepare to navigate an increasingly complex and interconnected world. Transfer students entering in fall 2020 and beyond will follow a specially tailored Hub curriculum that builds on the coursework they have completed while assuring that they develop the capacities required of all BU graduates.

DID YOU KNOW?

- **Many courses** carry multiple Hub units; most transfer students will fulfill their Hub requirements in 4-5 Hub courses.
- **Hub courses** can also count towards majors and minors.
- **Some Hub requirements** assume and build on previous coursework. If you have not taken a first-year writing course, you will need to do so before taking a Writing, Research, and Inquiry or Writing-Intensive course.
- **Courses used to fulfill Hub requirements** must be taken at Boston University.
- **You can see if your AP or other exams** fulfill Hub units by visiting bu.edu/admissions/apply/faqs-helpful-forms/advanced-credit/.
- **Transfer students** may fulfill one Hub unit through a Hub cocurricular experience.
- **The Cross-College Challenge (XCC)** is a 4-credit course available to juniors and seniors that carries 4 Hub units (3 of which are required for transfer students).

TRANSFER STUDENTS COMPLETE THE FOLLOWING 10 BU HUB UNITS:

PHILOSOPHICAL, AESTHETIC, AND HISTORICAL INTERPRETATION

1 unit in one of the following Hub areas:
