**Subject:** Fall 2025 Part-Time MBAs! Getting ready for Questrom

## Hello Fall 2025 Part-Time MBAs!

---

We are excited to officially welcome you to campus soon!

We are writing to share a few updates regarding some upcoming virtual sessions, as well as parking details for LAUNCH.

If you missed our previous newsletter(s), copies can be found on the [New Student Site: Email Archive](#).

### Parking for Launch

Parking will be available for PTMBA LAUNCH and we will provide a QR code and directions the week prior to LAUNCH.

Students who have purchased parking passes for the semester already, the license plate scanner at the garage will automatically scan you in. Unfortunately, there isn't a way to override that with the QR code.

## Pre-LAUNCH Virtual Sessions and Recordings

### Ask Us Anything Webinar

Monday, August 11, from 11-12 pm EST [REGISTER HERE](#)

Join us for a casual and informative Ask Us Anything webinar! This will be an opportunity to connect with the MBA Center team before the MBA program begins. This session is designed for incoming students to get answers to any last-minute questions about LAUNCH, preparing for the start of the program, or life at Questrom and BU.

### Preparing for AI in the Classroom

Friday, August 8, from 10-11 am EST [REGISTER HERE](#)

In this session, we will cover the essentials of AI in the modern educational setting. What is this AI technology, and how does it work in a nutshell? What is it good at? What is it bad at? How can you make the most of it in your education? What resources does BU have to help you? How do you avoid getting yourself in trouble over your use of AI? How does AI usage in education pertain to AI usage in business? We are looking forward to covering this content and more in a lively discussion.

### Recordings

Recordings of recent virtual sessions can be accessed in [Blackboard](#) on Mod 0 under "Presentation Slides and recordings".

## Tasks to Complete Before Arrival

As was mentioned in a previous email, you will continue to receive weekly reminders on Mondays regarding any pending tasks. You can also access your task list by logging into the [Graduate Hub](#).
