LAUNCH Pre-Work

Along with your checklist tasks below, we have created some pre-work to prepare you for coursework and career deliverables. Academic pre-work will be released shortly.

Course Registration

If you opted for in-person coursework, you will be registered for the following classes:

- One in-person course: **MO712: Leading Organizations & People.**

- Two in-person courses: **MO712: Leading Organizations & People** and **AC711: Financial Reporting & Control**.

If you opted for virtual coursework, received waivers through advanced standing, or have any other unique circumstances, your academic advisor will reach out to coordinate.

PTMBA Core Level Up

If you did not qualify for an advanced standing waiver, but feel that the core course content is too basic given your professional experience, you have the option to "level up" by taking an approved elective course in lieu of the core requirement.

Details about the policy and the list of approved courses can be found on the [PTMBA Level Up Form](#). Please submit this form for each core course you wish to Level Up at least 14 days before the semester begins. **Late or retroactive requests are not valid and will not be accepted.**

Tasks to complete before LAUNCH:

 - Due: As soon as possible
 - ***This is the last email that will go to your personal account.***
 - You should have received an email prompting you to set up your BU email address. Please follow the instructions to complete this task.

Off Campus Housing

Finding an apartment is one of the most common stressors for our incoming graduate

students. That's why we partnered with VeryApt, a real estate technology company, to build a personalized housing portal for our programs. For more information, use your BU credentials to log into the [housing portal page](#) and visit the [FAQs for Graduate and Professional Students](#).
