

Boston University Questrom School of Business

SYDNEY MANAGEMENT INTERNSHIP PROGRAM SPRING 2022

Co

Application Procedure

All BU students must apply online at www.bu.edu/abroad.

- Applications are due by **September 15th**.
- *Note:* Students must meet with an advisor in the [Questrom UDC](#) before applying.

Pre-Requisites

To study in Sydney, students must have completed their Core courses (MK 323, QM 323, OM 323, FE 323). Students must have a 3.0 GPA. The University of Sydney is very strict about the GPA requirement.

Program Timeline

This program is offered in the spring semester only. It begins early January and ends early July. In January and February, students take AN 368 and complete an internship. In March and beyond, students take courses at the University of Sydney.

Approved Courses

Students take **five** courses for a total of seventeen credits while in Sydney. At least two of the courses must be management courses. A typical MIP course load in Sydney consists of:

- | | | | |
|---|-----------|-----------|-------------------------|
| • CAS AN 368 – Australian Culture and Society | mandatory | 4 credits | At BU Center Sydney |
| • CAS EC 497 – Internship and seminar | mandatory | 4 credits | At BU Center Sydney |
| • Management Course | | 3 credits | At University of Sydney |
| • Management Course | | 3 credits | At University of Sydney |
| • Management Course or Liberal Arts Course | | 3 credits | At University of Sydney |

The University of Sydney courses listed on the back of this sheet have been approved by Questrom faculty as equivalent to Questrom courses. Students should choose from the provided list of courses, or have an alternate course *pre-approved* by the Questrom Undergraduate Development Center.

Important Notes

1. In general, students may take up to two concentration courses abroad per concentration. Further, they may take up to one “A List” course abroad per concentration. The list of available courses on the reverse side of this sheet shows what courses are available and how they may be applied toward each concentration.
2. Independent concentrators, who petition to take three or more management courses at the University of Sydney, must take an additional business elective of their choice (for a total of five electives) before graduation to make up for the multiple three-credit courses.
3. Students not dual concentrating should ask an advisor if they need additional elective coursework to meet minimum credit requirements for graduation. This will not slow students’ progression toward graduation as they are already taking an additional class in Sydney.
4. Admission to each unit (course) is upon application; students must have completed the pre-requisite courses as listed by the University of Sydney to be allowed to enroll.
5. Students are **unable** to fulfill HUB units through courses taken at the University of Sydney.
6. IS concentrators should discuss their course plan with the [IS concentration faculty advisor](#) if it involves taking more than one IS course abroad. It is strongly recommended that IS concentrators take no more than 1 B-list IS elective abroad and that another IS4xx course is taken at Questrom as the second B-list elective.

For more information on this program, please visit the Boston University Study Abroad website at <http://www.bu.edu/abroad/programs/sydney-management/>. Meet with an advisor in the Undergraduate Development Center (617-353-2650) for course planning.
