

Courses Open to Exchange & Visiting Students to Questrom

Students, who have been admitted to the Boston University exchange or visiting students' program, may select business courses from the list below. While the pre-requisites listed should give students a sense of the courses they will be eligible to take, the Questrom School of Business Undergraduate Academic & Career Development Center will make the final determination as to whether a student is adequately prepared for a course. These courses are open to exchange and visiting students on a space available basis and, on rare occasion, may be subject to cancellation.

Course descriptions are here: <http://questromworld.bu.edu/udc/academics/course-descriptions/>.
