# Tuition

A student's full-time tuition pays for up to 18 credits (including PDPs!), and students taking more than 18 credits will be charged \$1,830 per credit for the overload

Except in the following cases:

- You're taking ES110 – you get a 1 credit increase (up to 19 total credits)
- You have a 3.3 GPA or higher at the end of the semester – with a waiver, you can get a 2 credit increase (up to 20 credits, or 21 with ES110)
- You're a senior 😊

[Tuition Waiver for Course Overload](#) form

If you take any more than 18 credits (19 with ES110), you may face an additional charge unless you meet the requirements for, and fill out a waiver.

## A Note About Credits

- You should be registered for 18 or 19 credits
  - 18 credits – four 4-credit courses plus SM132
  - 19 credits – four 4-credit courses plus SM132 & ES110
  - I recommend this
- If you have advanced credits from APs, IBs, etc, you may consider registering for 14 or 15 credits
  - 14 credits – three 4-credit courses plus SM132
  - 15 credits – three 4-credit courses plus SM132 & ES110
  - But I don't recommend this

The background of the slide features a soft-focus autumn scene. In the foreground, a wooden deck with horizontal planks is visible. Above the deck, there are several maple leaves in various stages of autumn color, ranging from bright yellow to deep orange and red. The leaves are scattered across the upper and middle portions of the frame, with some appearing to be falling or resting on the deck. The overall lighting is warm and diffused, creating a cozy, seasonal atmosphere.

# Finishing your First Year Curriculum

# Expectations

- You can expect. After today, you'll be able to:
  - Make a plan for next semester
  - Have an understanding of what your requirements are
  - Utilize course search resources
  - Search for courses with hub units
- You cannot expect:
  - Me to tell you what “easy” hub class to take
  - A full, concrete, four year plan with multiple concentrations, study abroad, minors, graduating early, etc.

So what are my choices?

# Second Semester Courses

## First

- SM132 – the same section as your SM131
- Remaining Gateway Courses
- ES110

## Second

- Additional Questrom Courses (AC221, QM221, IS223)

## Third

- Hub Courses
- Minor Courses
- Classes that you're interested in

## Gateway Classes

- Meet C/C- minimum grade
- SM132
    - All sections are once a week
    - You must take your assigned section (same code as your SM131 discussion)
  - EC101
  - EC102
  - WR120
  - MA121 (should already be enrolled or done)
  
  - ES110 – 1 credit
    - For people with last names A-K or those who aren't taking it this semester
    - 6 week seminar
    - Any section is okay!

# Writing

- If you took WR111 this fall, register for WR112
- If you took WR112 this fall, register for WR120
- If you didn't take a WR course this fall, register for WR120
- If you took WR120 this fall, you're done

# What about additional Questrom courses?

Choose 0, 1, or 2 of the following:

- AC221 – Financial Accounting
- QM221 – Business Statistics
- IS223 – Information Systems

Do not take 3 of these courses

If you have AP Statistics, you do not need to take QM221

# The Hub

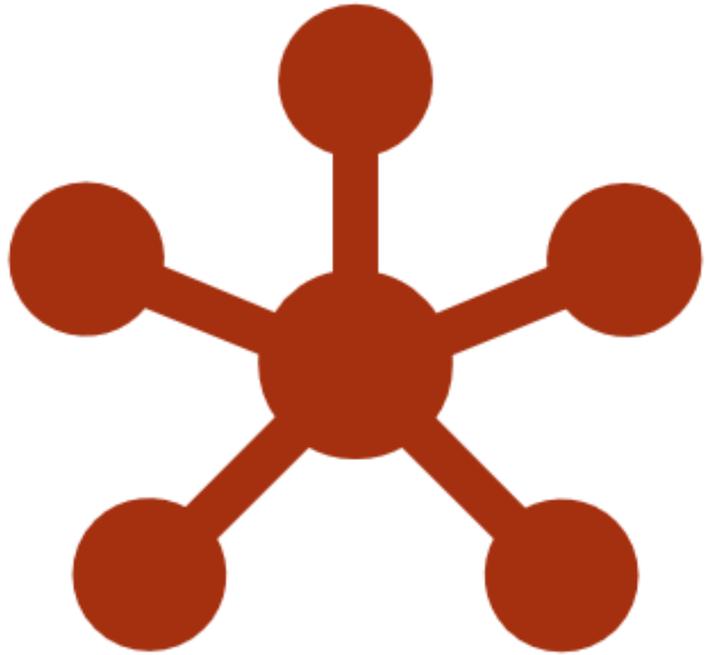

26 units in approximately 10-12 courses | Hub courses can also count toward majors and minors

All BU students are required to meet 26 Hub units across 6 capacities.

- Philosophical, Aesthetic, and Historical Interpretation
- Scientific and Social Inquiry
- Quantitative Reasoning
- Diversity, Civic Engagement, and Global Citizenship
- Communication
- Intellectual Toolkit

Each course you  
take can carry 0,  
1, 2, or 3 hub  
units

This Tracking Sheet is for advising purposes only. It is tentative review of your progress within curriculum requirements, not your academic transcript nor a notification of completion of degree requirements.  
Hub units may be added or removed from courses over time. Hub units are not applied retroactively; additional units placed on courses after students have completed a course cannot be counted towards that student's hub requirements.

# THE HUB AT QUESTROM

The Questrom major curriculum covers 16-20 Hub units and the remaining 6-10 units should be completed using elective courses

This curriculum tracking guide is available on the forms page of the UDC website

# Course Planning Sheet

- Write in your advanced credits & fall classes
- Use Degree Advice to cross out the courses and hub units you've already completed
